Description

CaterinaMi is a structure that operates as SERVICE for Apparel Factories worldwide. Specialists in clothing for WOMAN and MAN, we offer advice to 360 degrees to support the creation and development of the collection, to the realization of samples up to production management. From design style, we create the collection and the manufacture, offering the customer a totally commercialized. The professionals who work with us are not simple employees to product development but actual experts who can advise you the right solution for different business needs. Caterinami meets the needs of support in product management, product development, modeling, packaging and logistics. It can also be a good support for the market research, the fashion trends, aspects of merchandising planning. Our expertise, the result of thirty years of experience, ranging through the most diverse product categories: luxury outerwear, tailored coats, evening dresses, shirts, denim and accessories. With its network of contacts with the best laboratories in the whole of Italy, our service offers quality at the most competitive price. Knowledge of the problems that companies are forced to deal with in order to obtain always the best product, makes Caterinami a unique SERVICE.
