Bilateral Meetings

- (09.30 am - 05.30 pm). Please add the "Cooperation Profile" below

Description

kirdash was Founded in 2012, it is a small business company for producing and marketing Palestinian handicrafts by employing the skills of low-income female workers from local community and marketing the product on regional and international levels using E- Marketing techniques . During the past three years our company creates jobs for more than 20 low-income housewives, where our project produced more than 3,000 finished products from all various types of handicrafts. Today, Kirdash developed and expanded its market by establishing a website that displays its products and services in both languages Arabic and English to reach remote markets.

"kirdash was Founded in 2012, for Marketing and Displays Palestinian handicrafts by exploiting the skills of low-income female workers for local, regional and international market using E- Marketing techniques .
