## Executive Manager

karbos Import & Export CO.

## Bilateral Meetings

- (09.30 am - 05.30 pm). Please add the "Cooperation Profile" below

### Description

The Company deals with the preparation and the packing of all kind of herbs and spices as its customers need. So we hope to spread our knowledge to replace chemical concept with natural green organic concept. Business Objectives: 1 - We hope to get 2 international certificates: ISO 9001-22000 to improve our export share. 2 - We would like to build a processing station for repairing and packing herbs and spices to increase the quantity production. 3 - Our company is currently carrying out research for important herbs remedies useful for different diseases.
