## Our Story

From conception to creation, every aspect of the Maklad Wali product celebrates urban culture; our designs are inspired by a multi-cultural heritage and brought to life with a modern flair. Maklad Wali designs honor functionality embedded within a subtle earthy sensibility to create a product that is both practical and aesthetically distinctive. An appreciation for minimalist beauty, a defiance of conformity and bold use of colour define every Maklad Wali piece. We work exclusively with the finest quality Egyptian leather, especially selected to complement each design. Whether working with a glossy patent or a textured nobok, each Maklad Wali piece is enriched with locally crafted materials. Linings, woven in Akhmim and Nagada on the traditional knoll, are fashioned to achieve a contemporary appeal. Custom designed brass and silver accessories hammered in Cairo's artisan quarters add to that appeal. With a passion for originality and an attention to detail, all Maklad Wali products are handmade in Egypt.
